

REMARKS

This Preliminary Amendment seeks to place this application in condition for allowance. The instant application is a divisional of Application Serial No. 10/222,071 (hereinafter "the '071 application"). The '071 application is pending.

Pending claims 1-10 have been deleted, without prejudice, and new claims 11-25 have been added to more fully protect certain aspects of the inventions described and illustrated in this application. These newly submitted claims are fully supported by the specification as originally filed. No new matter has been added.

Moreover, the instant application has amended to reflect the relationship to the '071 application and to perfect the claim of priority. (See, 35 USC § 121). No new matter has been added.

CONCLUSION

Applicants respectfully request entry of the foregoing Preliminary Amendment prior to examination of this divisional application. Applicants submit that all of the claims present patentable subject matter which definitely set forth the novel and unobvious features of Applicant's invention. Accordingly, Applicants respectfully requests allowance of all of the claims.

Date: September 11, 2003

Respectfully submitted,

Neil A. Steinberg
